ACP submitted new erosion and sediment control plans to the Fayetteville and Raleigh regional offices yesterday, which means the 15-day clock for plan review started Oct. 23. I will be posting links to the new plans on the DEQ pipeline website late today, along with a brief update on receipt of the new plans and the required review time. Please let me know if you have any questions.

Thank you,
Bridget

Coincidentally, I just picked them up from our incoming mail and delivered them to Sally's office. Fifteen-day clock starts today. I had asked Sally to check with Chris at FRO to see if they had also received their copy.
